ONE MORE VICTIM

May Die From Injuries in C. and O. Wreck—Miss Madeline Lasar, of St. Louis, in Serious Condition

Judge Halsey Recovering and Will Leave Today With His Wife's Remains For Milwaukee

All the wreck victims of Wednesday's C. and O. Lawrence creek horror, are on the road to recovery, save Miss Madeline Lasar of St. Louis, who suffered several fractures of arms and limbs, and was otherwise bruised. She was thought to be dying last night at her room in the St. Charles.

Her brother, Mr. A. A. Lasar and sister, Miss Jeannette Lasar, arrived from St. Louis yesterday morning to be with her.

Mr. George H. Stearns of Cincinnati, also at the St. Charles, is mending nicely. His father is with him.

Circuit Judge Halsey of Milwaukee is also recovering finely.

The remains of Mrs. Halsey, so far the only one killed in the wreck will be placed aboard the C. and O. passenger train No. 7 on a special car this afternoon at 4:15, in front of the St. Charles and taken to her home in Milwaukee, which she left only three days ago in happy anticipation of a pleasant trip West with her husband.

Brief funeral services will be conducted over Mrs. Halsey at 3:20 p. m. in the parlors of the hotel, Rav. George H. Harris, Rector of the Church of the Nativity officiating. Mr. Pierson L. Halsey, their son, arrived yesterday from Milwaukee, and has taken charge of matters and will accompany the remains of his mother back home. The Judge is also recovered sufficiently to permit him to go with his son.

The wife of Judge Halsey, was one of the most prominent women in Wisconsin. She was born July 19, 1842, in Buffalo, N. Y., and was a Miss Loverge before her marriage. She was a member of the Colonial Dames of America, in New York and Wisconsin; was Vice President of the Daughters of the American Revolution and a leading member of St. Mark's Episcopal Church of Milwaukee.

Judge Lawrence W. Halsey is a prominent member of the Milwaukee bar, being the present Circuit Judge of that city. He is Chancellor of the Protestant Episcopal diocese of the See of Milwaukee, and had held all of the state offices governing the Knights of Pythias. He and Mrs. Halsey were on their way East to visit relatives in New York.

Miss Lasar was hurt over the eye, has a fractured arm, and also fractured leg below ankle. Miss Madeline Lasar, is prominent in educational matters in her city, and at the time of the accident was en route to the Jamestown Exposition, where she was to take charge of the St. Louis School exhibit at the Fair.

CORONER'S INQUEST.

Coroner Fred Dresel and a Jury held an inquest yesterday over the remains of Mrs. Halsey, and after hearing the testimony of the witnesses, handed down the following verdict:

We, the Jury, find the body before us to be Mrs. L. W. Halsey, of Milwaukee, Wis., who came to her death from injuries sustained from an accident on train No. 2, C. and O. Railway, wrecked at Lawrence creek, Mason county, Ky., at about 1:25 p. m. Wednesday, May 23, 1907.

Coroner of Mason County.

CAUSE OF WRECK.

The evidence given before the Coroner's Jury brings out some new features regarding the cause of the accident, and shows how conflicting all theories may be following the excitement attending such things.

Mr. Booby of Acme Milling Co., Indianapolis, who was on the train, says:

"I was on the coach next to the Observation Car and the jar almost took me off my seat. I

discovered we had lost part of the train. I saw where the car left the track; saw where hands were engaged in repairing track; the ties were not in proper place, some were not spiked down, train was running very fast at time, about 50 or 55 miles an hour."

Mr. Harry Allen of Rockford, Ill., deposed: The Porter said "we are off the track; I was thrown through the window and hurt my shoulder, we were running very fast, how fast I don't know."

Mr. Allen called at THE LEDGER office yesterday afternoon and gave us a graphic and thrilling narrative about the wreck. He said he was occupying section 9 on the doomed coach "Contra Costa," and had just finished writing a letter to his home folks, when the Pullman porter, R. J. Allen, colored, came through the car, and Mr. Allen asked him where he could mail his letter.

The Porter replied: "We'll be at Maysville in 5 minutes, and you can mail it there." Just then the coach left the rails, and Porter Allen exclaimed: "we're off the track!" and went running to the end of the coach. Mr. Allen said he arose and started for the rear, but just then the car went over the bank and landed bottom side up in the mud. He said he found himself standing up on the outside of the wrecked coach, and it a mystery how he got out, as he doesn't know. He received only a few scratches and bruises. He says Mrs. Halsey was pinned under the wreck inensible and that the Misses Valkenburg were also partly under the car and one of them lying across Mrs. Halsey.

Mr. Allen's theory about the wreck is, that the train going at a rapid rate whirled around the Lawrence Creek curve, and owing to some defect in track or rails, the momentum switched, or jerked the observation car off the track. In this accident the rail may have been "buckled" by the car leaving the track, and giving it a wreck.

All sorts of surmises always follow such accidents on railways and so-called experts can only look wise and give stereotyped explanations concerning them. All know that the C. and O. does everything in its power to give ease, comfort and safety to the public; and the best evidence that this is true, is doubly proven by the fact that in the 19 years since the road has been built, Mrs. Halsey is the first passenger killed on this Division.

The distinction of being the oldest living veteran of the Mexican War in the United States is claimed by James M. Crutchfield, residing three miles from Harrodsburg. He was born in Claiborne county, Tennessee, April 15th, 1807, and is therefore over 100 years old.

At a meeting of the Retail Merchants' Association at Louisville, the sum of \$1,000 was subscribed to a fund to be used in promoting the enactment of the new revenue and taxation laws for Kentucky. Much dissatisfaction is felt over the present statutes which provide in many instances for double taxation and are otherwise held to be objectionable. A commission is at work endeavoring to draft a new set of laws which will be acceptable and will meet with the approval of the next Legislature.

THE Court of Appeals has handed down another decision further clarifying the beclouded temperance atmosphere and also elucidating one of the hitherto unnoticed features of the local option question, which is in the nature of a recoil upon the local optioners and declares how, in a "wet" county a "dry" Precinct would be wet. In the case at bar the Court, among other things, declares—

Fifth—Purpose of Act of 1906—Will of Entire County. The purpose of the election is to ascertain the will of the county as a whole, not the will of any particular Precinct. If the county should vote in favor of the sale the Precincts which vote against the sale would not have the right to have their vote so recorded and the law declared thereafter in force in those Precincts.

THE Charleston (South Carolina) News and Courier, the most rabid of all Democratic journals, hands this hot one to Mr. WILLIE BRYAN:

"The chances are eight to ten that BRYAN will be nominated by the Democratic party and, if he be nominated, the chances are ninety-nine in the hundred that he will be defeated. The man who broke up the Democratic party is not the man to save the Democratic party. But for his crazy leadership the party would be in power today."

HERE's a pretty howdy do, in a so-called dry local option town. At Danville a "Law and Order League" has been organized for the purpose of instituting a campaign against "blind tigers" and other animals indigenous to local option communities. The principal mission of local option seems to be to take the license off of liquor and then scour the country to find the men who dispense the contraband goods.

MAY 20th was the fifth anniversary of Cuban "independence." About fifteen-fourteenths of Cuban independence, consists of the liberty they enjoy of chicken fighting, bull fighting, and all other kinds of sports and gambling. "Cuba libre" is a governmental ideal with the lid blown off. It requires the guiding hand of our esteemed Uncle Sam to run things as they should be run in the Queen of the Antilles.

WISE GIRL.

Life.

Now, there was a certain girl and she had three wooers. The first wooer said she was the whole world to him, but she frowned upon his suit. The second wooer said she was the sun, moon and stars to him, but she bade him be on his way.

"To me," said the third, "you are a young woman of agreeable manners, with eyes that might be a little bluer, with a nose that is a wee bit puggy, and with a few freckles and an annoying habit of blurring out your thoughts."

She married the third wooer. Being pressed for an explanation of her conduct, she said:

"My goodness! I think I was sensible. I married the only one that had courage enough to tell me of my faults before marriage, instead of waiting to throw them up to me afterward."

In these temperance times temperance of speech goeth far and avelith much.

Every man has a right to his opinion, but he has no right to express it offensively.

If one cares to allow the temperance issue to enter into his business and social relations it is his own affair and no one can object, but it would be better not to be offensive about it.

JURIST A "PRISONER"

Judge Thomas R. Gordon Locked Up In County Courthouse

Judge Thomas R. Gordon of the Common Pleas Division, at Louisville, found himself confronted with an embarrassing and laughable situation, that of being imprisoned in the Jefferson County Courthouse, when he started home from his office in the building at 8 o'clock Tuesday evening.

He had remained at his office attending to business until all the other attaches had left, and unknown to him the doors had been securely fastened by the night watchman.

Upon discovering his predicament Judge Gordon telephoned to a Guard at the Jefferson County Jail, who immediately went in search of the Night Watchman, who was making his rounds. An hour passed before the Watchman was located and thus obtained the release of the Judge.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
